I am at work, so I need to make this short. I support your decision for more stringent anti-trust prosecution against Microsoft.

I believe Microsoft has broken numerous anti-trust laws and have practiced questionable and immoral business tactics in the past as well as in the present. Please keep defending this nation against monopolistic companies such as Microsoft.

I hope that the truth of how Microsoft has practiced it's business will be dealt with proper justice. Please do not allow justice to take a backseat to politics and economics.

Thank you,
